Proposed Project: ARRA Section 3012 Health Information Technology Extension Program: Regional Centers Cooperative Agreement Program OMB # 0990-0340—Extension—Office of the National Coordinator for Health Information Technology.

Abstract: The first set of regional extension center awards will be made in February 2010. At this point each regional extension center (REC) will be provided with a customer relationship management (CRM) software tool, which they will use to help manage the work associated with the cooperative agreement. This tool will also assist the program to generate quarterly reports which will be submitted to project officers for review. In addition to tracking the key milestones identified in the FOA, the tool will also assist programs to provide information that is required for their ARRA reporting. The REC program is in the process of selecting a CRM vendor. Once this is completed it will submit the specific reports for clearance.
